CREW HANDLING

CREW HANDLING /

Transportation has been our core business for more than 25 years. So on, we are trustful in the fact that we will provide you the service you seek. We will transport your seafarers in reliable, safe and competitive ways. Without third party, you will deal with the same company from the documentation provider to the driver transporting your crew. This will be more guarantees and more flexibility for you, without extra commission involved.

With our 4 offices strategically located, we can transport your crew to all french ports.

We have comfortable vehicles suitable for transporting different groups of seafarers.

Our bilingual drivers are thoroughly familiar with the specificity of the transport of seamen of all nationalities.

We train our drivers to know perfectly every port access which allows to gain more time to embark and disembark your seamen.

We will provide a service that will best meet your expectations and those of your customers.
